

**Summary of Key Points**  
**Analysis of Exit Destinations by County, Program Type, and Organization**  
**Neighbor Islands – Bridging the Gap**

For June 2020

Ka Mana O Na Helu, HMIS Administration

The HMIS administrative team completed analysis of client exit destinations from HMIS Bridging the Gap program discharge records for the month of June 2020 (n = 347). This analysis presents findings by county, over program type, and by org/program.

The summary tables show the total exits by destination category, along with permanent housing (PH) exit rates. The analysis also includes the total number of exits with unknown exit destination type along with the corresponding exit rates.

Key findings of the monthly reporting include:

- In aggregate, the PH exit rate for June was 71%, with 245 of 347 exits leaving to PH destinations, an increase compared to May 2020 (44%). BTG’s PH exit rate averaged 56% over the last 10 months. This is the period that BTG data tracking has been separated from PIC programs; the combined statewide average PH exit rate was 54% from June through August 2019.
- Of the 245 exits to PH, Homeless Prevention programs exited 76 clients to PH (31%), Rapid Re-housing programs exited 62 clients to PH (25%), Emergency Shelter exited 47 clients to PH (19%), Transitional programs exited 38 clients to PH (16%), Street Outreach exited 20 clients to PH (8%), and Permanent Supporting Housing exited 2 clients to PH (1%).
- June PH exit rates descending by county were Hawaii (76%), Kauai (70%), and Maui (62%).
- The Homeless Prevention programs’ PH exit rate was 97% in June, an increase compared to May (61%) and a near-return to the outstanding rate of 100% in April. The PH exit rate for Rapid Re-housing programs increased from 94% in May to 100% June. The average PH rates for 2019 were 92% for Homeless Prevention and 84% for Rapid Re-housing programs. Due to the inherent nature of these programs, one would expect that these PH exit rates be near 100%.
- The missing exit data rate for June was 6%, below the average for the past 10 months (12%).
- Hawaii had the greatest number of exits to unknown locations in June (12 exits) followed by Maui, with 9 exits to unknown locations. All Kauai exits had exit destinations.

**BTG-Only**
